

Rank	Watershed	Total Repetitive Loss Structures
1	Upper Ohio-Wheeling	604
2	Lower Kanawha	164
3	Little Kanawha	162
4	Tygart Valley	143
5	Greenbrier	110
6	Conococheague-Opequon	97
7	Upper Guyandotte	79
8	West Fork	71
9	Lower Guyandotte	65
10	Little Muskingum-Middle Island	60

Notes: Address Matching (Geocoding) of RL Structures

Of the 3,132 RL structures in the state, after clean-up and editing, only 73% have addresses that can be geocoded (address matched to x,y coordinates) by a house number or street. 54% (1,679) of the total RL structures were site address matched and 20% (613) were street matched.

Repetitive Loss Structures

Site or Street Address Matched Structures = 2,292
