DO YOU KNOW WHO...

IMPLEMENTS YOUR HAZARD MITIGATION PLAN OR MASTER PLAN?
ADMINISTERS BUILDING CODES, LOCAL ORDINANCES, AND ZONING REGULATIONS?
APPLIES FOR GRANT FUNDING?

Planning District Commission Implement - County Emergency Project Coordinator Management (agency I work for) **Planning and Zoning City Emergency Preparedness** Building codes - municipal are for Chicago. Parish (County) and City codes officers code enforcement Local I am the **Grant funding - mostly** Work with communities for which EM, zoning Town's municipal B&Z, Planning generally handle. Small **Building** communities work with PDCs Official **Emergency** Region 9 for Morgan & Management, **County Emergency Management Berkeley County for Building Official** Agency does some, but mostly implementation municipal governments here Office of Emergency Management Planning & Engineering PA & Mitigation team along within the Dept. of Fire & Rescue Departments review for building with Applicant / State code requirements County-Hazard Mitigation Plan **VDEM** Regional Planning District. Codes are Grant funding is done by facilities or the administered locally. Grant funding Region. could be local or regionally. Regional Planning District. Codes are County EMA, Planning, **Local level (County)** administered locally. Grant funding Engineering - It is a group implements HMP, could be local or regionally. which all work together codes/standards also at local level; grant funding depends on We do multijurisdictional plans and they are led what agency has by the county EM office, county planning office, funding - usually county highway office, soil & water or county another local entity. admin office.
