

Outside-County Tax Parcel Cluster Analysis and Outside-County Voter Intersection

Cluster analysis based on parcels identified as being assessed outside of the county they physically reside in. Data was compiled using 2023 assessment data and outside-county voter points; data is subject to change. Voter Outside County Mismatch data current as of 9/11/23.

County boundary lines used to create these data are sourced from U.S. Geological Survey (USGS) 1:24,000 scale topographic quadrangle maps; updated in 2022 to reflect a boundary change between Boone and Logan counties.

Insets show a subset of outside-county parcel data.
